Product description

Vector SR65 Auto-roll-back advanced boat 792-5 RTR - Brushless motor

The RTF boat set contains all the necessary accessories for swimming.

- Self-righting feature, never worry about falling upside down
- Super high speed brings you a lot of fun
- Water-cooled system included
- Superb waterproof design for electric equipment
- RTR ready to run version no installation required
- ABS moulding which is durable and smooth

Description

The Racent® Vector SR65 Deep-V racing boat offers a ton of fun and is loaded with features typically found in larger, higher-priced radio control boats. With water-cooling motor system you won’t need to be worry about the high speed V.S. over-heat issue, even when the boat is reaching top speed at 55km/h. Your only problem will be how to find more time to spend on the water.

The Vector SR65 comes fully ready-to-run and includes a pistol grip-style transmitter using 2.4GHz technology, powerful brushless RTR offering you a fun of fast. More importantly, it comes with a auto-righting structure, provides more confident in running at high speed.

In addition, the Vector SR65 is upgraded with a reverse-functional ESC, means when you are in trouble of any block, simply reverse it back to route and you will have fun again!

An economic Brushed RTR version is optional as well.

Last but not least, the unique ABS uni-body tooling technique provides extremely 3S(stable, smooth, strong) hull structure!

Technical specification and list of elements for individual versions:		KIT	PNP	RTR
Overall Length:	650mm			
Hull Width:	165mm			
Weight:	800g			
Motor Size:	BL 2212/2600KV Water-cooled			
ESC:	ESC30A Water-cooled			
Servo	17-gram Servo * 1pcs			
Battery:	11.1V 2200mAh LiPo			
Charger:	3S LiPo			
Radio:	2.4GHz FHSS 2-Channels			
Max Speed:	55km/h			
Minimum Age Recommendation:	14 years			
Experience Level:	Beginners			
Is Assembly Required:	No
