Product description

Vector XS Mini Boat with Auto Roll Back Function and Reverse Function 795-4 RTR 30km/h

- Super Speed BoatThe radio control boat may fit in the palm of your hand, but don’t let the size fool you. It’s super fast and speed up to 19mph, that will bring you a really fun in pool.
- Capsize RecoveryIncludes Capsize Recovery Function(use the remote to do a quick flip to return back to racing action), flip over automatically and quickly when the boat is capsized, easy to operate for everybody.
- Reverse Function4-Channels allows the RC boat go forward and backward, turn left and right, and the sensitive remote controller can make the boat do extreme sharp turns.
- low voltage protection & safety featuresThe rc watercraft will slow down while its battery power drops to low voltage, remainding you to retrieve a it back immediately. Safety features to protect the battery and the boat from over-charge and over-discharge of the battery.
- 2.4Ghz radio boat great gift for adults & kids2.4GHz frequency controller, good anti-interference ability, allows multiple rc boats to be raced at the same time. The maximum remote range goes up to 100 meters/328ft. Have more fun with your friends in the pool, even a small racing competition.

High Speed Pool Racing Remote Control Boat Vector XS: Easy to control and Perfect for kids, adults or racing boat beginners.

The Remote Control Boat Vector XS is a small size boat but also has excellent performance. Due to the well designed structure with water fins and trim tabs, the boat stably running in pool, lake or even river.

Low Battery Protection

When the battery power of boat drops to low voltage, the boat will slow down, you don't need to worry about that you have to swim to get the boat back, it still has power to come back if you operate immediately.
