Vector30 Mini Boat with Auto Roll Back Function and Reverse Function 795-3 RTR - brushed motor

Price	47.38 Euro
Availability	Not available
Shipping time	24 hours
Producer code	795-3
Manufacturer	VolantexRC

Product description

Vector30 Mini Boat with Auto Roll Back Function and Reverse Function 795-3 RTR - brushed motor

Ready to Run (RTR)

Completely Assembled for quick start

Within 1 minutes after unpacking, you will be able to get started and enjoy the fun! What's more fun is the fully assembly package will make it portable with you wherever you go, to picnic, hiking etc.

- **RC BOAT SUPER HIGH SPEED UP TO 30KMH** Innovative streamlined hull design reduce resistance and make the boat racing more stable and faster. 19MPH high speed makes you the fastest racer and leave other boats right behind.
- **CAPSIZING RECOVERY & REVERSE FUNCTION** Remote control boat characterizes durable anti-flip design and self-righting auto roll back feature. Coming with reverse-functional ESC, keeping you out of trouble from any block, simply reverse it back to route.
- **LOW VOLTAGE PROTECTION & SAFETY FEATURES** The rc watercraft will slow down while its battery power drops to low voltage, reminding you to retrieve it back immediately. Safety features to protect the battery and the boat from over-charge and over-discharge of the battery.
- **HIGH WATERPROOF & WATER-COOLED SYSTEM** This electric radio control boat is made by impact-resistant ABS plastic, equipped with waterproof sponge sealing strip and strong buckle to prevent water from entering. The water cooling device cools the running motor, reduces motor loss and prolongs service life.
- **2.4GHZ RADIO BOAT GREAT GIFT FOR ADULTS & KIDS** 2.4GHz frequency controller, good interference ability, allows multiple rc boats to be raced at the same time. The maximum remote range goes up to 100 meters/328ft. Have more fun with your friends in the pool, even a small racing competition.

Auto Roll Back

Reverse Function

The 2.4GHz transmitter allows you to play many boats in one place without mutual interference:

Length (in)	11.8000in
Wingspan / Width (in)	3.1500in
Height (in)	2.6000in
Flying/Running Weight (lbs)	0.46lbn
Material	ABS Hull
Max Speed	30kph
Motor	brushed motor 180A
Servo	9-gram Servo * 1pcs
Recommended Battery	7.4V 360mAh Li-ion Battery
Charger	USB Cable
Radio:	2.4GHz Surface radio system
Minimum Age Recommendation	14 years
Experience Level	Beginners
Recommended Environment	Pool
Is Assembly Required	No
