The aircraft in the RTF version, the model contains all the elements necessary for flight, such as the engine, regulator, servos, battery, charger, transmitter and receiver. You must buy 4 AA batteries to power the transmitter on your own.

KEY FEATURES
Built-in gyroscope
3-level flight control assistant
Easily perform aerobatics
One Key function
Propeller protection system
Model in 4 channel version

The scurge of the US Pacific fleet the Zero was a formidable adversary during the fight for Pacific island supremacy. You can now bring these dogfights alive with this new mini wardbird, which is ready for park flyers of all abilities to enjoy thanks to the integrated Xpilot gyro stabilizer system. With a powerful gearbox and coreless motor, the plane is stable, agile and can even perform acrobatics via a single button acrobatics feature. Simply press one button and pull the stick to easily control the

Spitfire and perform acrobatics.
