Product description

Volantex RC Arrobolt SR60 Speedboat with Self-Righting System, 60 km/h, 792-8 RTR – Brushless Motor / Blue

This RTR boat kit includes all the accessories needed to get it running. You will need to purchase four AA batteries separately to power the transmitter.

KEY FEATURES
Self-righting system
Low battery and weak signal alarms
Reverse gear
Super-fast performance for plenty of fun—speeds up to 60 km/h
Water-cooling system included
Excellent waterproof design
RTR (Ready-to-Run)—no assembly required
Durable, smooth ABS molded hull

Description:
Take your RC boating fun to the next level with the high-performance VOLANTEXRC Arrobolt SR60. Powered by an efficient, water-cooled brushless motor, this racer speeds across lakes and pools at up to 60 km/h. It is designed to eliminate common beginner frustrations, featuring a self-righting hull (automatically returning to the upright position after a capsize), a reverse function for easy maneuvering in tight spaces, and a high-capacity (2200 mAh) battery.
