Product description

Volantex RC Vector SR90 Super High Speed Boat with Auto Roll Back Function and All Metal Hardwares up to 70km/h 798-5GA PNP 90cm

The PNP version of the boat, the set includes a motor, servo and esc. You must buy a battery, charger, transmitter and receiver.

KEY FEATURES
Durable ABS hull
Super strong metal hardware
Self-reverse function
3720/1750kv water-cooled brushless motor
60A high-performance controller
Always ready for action
Speed up to 70km/h

Volantexrc RC Vector SR90 boat is designed with self-reverse function and excellent power system, the maximum speed is 70km/h. Vector SR90 is easy to operate, good for beginners, children and adults. The streamlined hull design provides excellent performance. Special one-piece ABS hull, strong structure and crack resistance, prevent the boat from being

damaged when hitting at high speed, it is a ship that can accompany you for a long time.
